

For Sona:

<b>Study Name</b>	<b>*X Credits * Testing a new AI-generation algorithm for erotic content</b>
<b>Study Type</b>	In person
<b>Credits</b>	X credits
<b>Abstract</b>	<p>This study aims to evaluate ratings of <b>erotic images</b> produced by a new image-generation algorithm. We will also investigate the relationship between how you experience your body and how you perceive these images.</p>
<b>Description</b>	<p>We will be collecting physiological data using electrodes and sensors. If you are aware of having skin reactions or allergies to adhesives or the materials used in the electrodes - primarily composed of silver and silver chloride – please refrain from participating.</p>
<b>Eligibility Requirements</b>	Over 18 and English native speaker
<b>Researchers</b>	Ana Neves
<b>Principal Investigator</b>	Dominique Makowski
<b>Deadlines</b>	May 2026 Cancellation: 24 hours before the appointment
